

## Chi Fu Fa Yuen

Taxi drivers usually know the place and there really is only one place they drop you off (the bus terminus). Buses 38 and 37A, 37B stop there. There is a car park at the shopping mall with plenty of places to park if you are driving. The pool is at the basement of the shopping mall. Signage in the mall is somewhat lacking...

If you come by taxi or bus, once you get to the bus terminus, look for McDonald's. There's a staircase in front of McDonald's going down (outdoors). Go down as far as the stairs go (two flights) and then turn 180 degrees and you'll see glass doors. The swimming pool entrance is on your left after the glass doors.

From the car park, take the elevator to floor 2A, through the door on your left, turn right to the food court, across the food court you'll find an escalator going down to the pool entrance.
